Dear Chairwoman Granger and Ranking Member DeLauro,

I respectfully request funding for the Old McGregor Road/Highway 84 Water Capacity Enhancement project in Fiscal Year 2024. The entity to receive this funding is the City of Woodway, Texas, located at 922 Estates Drive, Woodway, TX, 76712.

This funding would be used to replace the aging existing water line with a higher capacity 12-inch diameter water line along Old McGregor Road/Highway 84. This line is critical to the City's ability to receive water from the Waco water system and thus to sustain growing demand for the City of Woodway. This project is an appropriate use of taxpayer funds because the upgraded water line will maintain Safe Drinking Water Act Standards by decreasing water loss along the existing line. Additionally, this line will allow for enhanced connection from the City of Waco to the City of Woodway which is essential to provide clean drinking water to the growing population. My community project funding request for this project is \$1,217,786.

The project has a federal nexus because the funding provided is for purposes authorized by Section 1452 of the Safe Drinking Water Act, 42 U.S.C. 300j-12.

I certify that neither I nor my immediate family has any financial interest in this project. Thank you for your consideration of this request.

Sincerely,
