

**Congress of the United States**  
**Washington, DC 20515**

September 19, 2024

The Honorable Mike Johnson  
Speaker of the House  
United States House of Representatives  
Washington, D.C. 20005-0001

The Honorable Steve Scalise  
Majority Leader  
United States House of Representatives  
Washington, D.C. 20005-0001

Dear Speaker Johnson, and Majority Leader Scalise:

We are requesting that next week, the House consider S. 2228, the Building Chips in America Act, which passed the Senate with unanimous support.

This bill strengthens and streamlines NEPA regulations, clearing bureaucratic roadblocks for semiconductor industry grant recipients, and empowering the U.S. to meet critical economic and national security goals while bringing chip manufacturing back to American soil.

**For Texas, this legislation is of immense importance.** Our state has already secured over \$8.4 billion in federal incentives, igniting \$76 billion in private sector investments. With 47,000 jobs created and more on the way, Texas is at the forefront of this national resurgence in high-tech manufacturing.

**We are requesting that you immediately place this on the suspension calendar for next week as we believe it will have widespread support and is of utmost importance to our national security.**

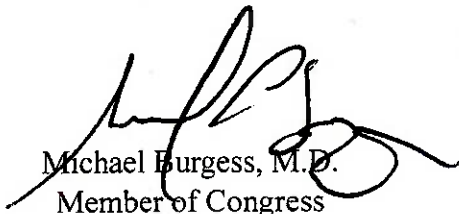

Sincerely,

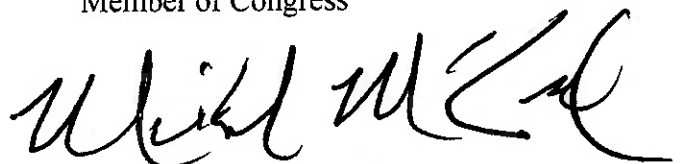

Pete Sessions  
Member of Congress

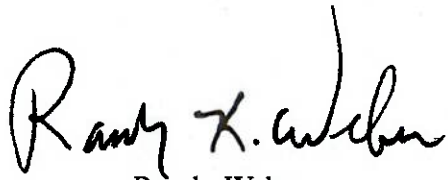

John Carter  
Member of Congress
